

Chartwells
Eat*Learn*Live

September, 2007

Dear Parents,

The new school year is upon us, and we want to extend a warm welcome and let you know the *Chartwells School Dining Services* has some exciting events planned for you child's school cafeteria. Our job is to make sure that we serve healthy, well-balanced meals, and that our customers enjoy what they eat. We also strive to make the dining experience a special one, so we've planned some activities designed to appeal to all of our customers.

For our elementary customers, we will be following an adventure of fun and nutrition education with the help of *Pyramid Pete* and his three new friends *Theodore Eat, Sydney C. Learn and Eva Live*; our representatives of nutrition and healthy living. This school year *Pyramid Pete* and his friends will learn about a new food every month and how to make good nutrition and healthy food choices. We will provide our young customers with coloring sheets and activity sheets which will follow the promotion throughout the school year.

For our middle and high school customers, we will offer programs that highlight our school lunch menus and focus on our approach to nutrition, Balanced Choices®.

We're looking forward to a great year ahead. We're very excited about the opportunity to make the dining experience at your child's school a memorable one.

Sincerely,

Susan Lansburg
Food Service Director
